The California Workplace Law Breakfast Series

Employers with operations in California – from established corporations to emerging and startup companies – face unique challenges. California law often sets the national trend with employment law developments predating changes across the country. Our breakfast series consists of interactive seminars offered throughout the Golden State aimed at helping participants learn about the latest legal developments and explore ways they may avoid liability by developing preventive strategies. We encourage human resources executives and professionals, in-house counsel and chief executive officers to attend.
