Jackson Lewis P.C. and the National Network of Business Law Pro Bono Providers are pleased to present a complimentary webinar for non-profit employers.

Sexual harassment claims are grabbing headlines at a pace and intensity like never before. No organization is immune from potential exposure. All employers should take steps to ensure they have adequate practices in place to prevent harassment in the workplace, and to address it meaningfully and effectively when and if it does occur. All executive directors, in-house counsel, human resources professionals, board members, and other leaders of non-profit organizations are invited to attend.
