### Wage Statement for Tipped Employees

Under the new legislation, the Commissioner of the Maryland Division of Labor and Industry (DLI) will adopt regulations requiring restaurant employers that include a tip credit as part of their wages to employees to provide tipped employees with a written or electronic wage statement for each pay period. The Wage Statement must show the employees' hourly tip rate (derived from employer-paid cash wages) plus all reported tips (for tip credit hours) worked each workweek.

The Commissioner will provide notification of the Wage Statement regulations on the DLI's website.
