Comprehensive I-9 and E-Verify Compliance

Over the years, the government has intensified its enforcement of employment verification procedures, including increased fines and penalties, as well as potential criminal charges and charges of discrimination against U.S. citizens. The best defense is a good offense. Our Immigration Group can help you establish that offense to minimize your risk and your exposure.

Monitoring Trends—We closely monitor legislative, regulatory, and policy changes and track what is happening “on the ground” to provide our clients with the most up-to-date guidance on what to expect in terms of I-9 and E-Verify inspections and Department of Homeland Security (DHS) or Department of Labor (DOL) unannounced worksite visits, as well as Immigration and Customs Enforcement (ICE) raids.

Recognized Compliance and Litigation Expertise—Our lawyers are frequently called upon as thought leaders to comment on compliance and enforcement issues. We regularly represent clients in litigation and ICE audits and have developed a suite of I-9/E-Verify compliance risk assessment tools including proprietary technologies to help employers understand and address any potential liabilities.

Our services include the following:

- ▣ Attorney-supervised audits of I-9s either on-site or off-site
- ▣ Snapshot reviews and assessments of potential violations and penalty estimates
- ▣ Advice on how to conduct self-audits of all immigration documentation and appropriately address errors
- ▣ Analysis of subcontractor and temporary staffing relationships for I-9/E-Verify compliance
